Editors' Note And Principal's Message

I personally want to thank our dedicated and hard-working staff and advisors, Mr. Maitland and Mrs. Colangelo, for all of their time and patience in making this one of the best yearbooks I've been a part of. This is hands down the best yearbook that De-O-Wain-Sta has produced since I've started my sophomore year. I hope that when you open this yearbook years down the road whether you were a senior or a freshman, I hope this book captures all of the aspects of high school as you turn each page. Also, I hope when you look at this yearbook, you remember what you were and what you will always be, a Black Knight.
Thank you,
Sarah Lokker

This year's staff has put in a lot of time and effort into this book to make it look phenomenal. I would like to personally thank every one of the staff members as well as our advisors, Mrs. Colangelo and Mr. Maitland, for an amazing and well-done job in a pressed amount of time. Over the past three years of being a part of the Deo-Wain-Sta staff, this has been my favorite by far. The cooperation of the staff made this year's book the best I've worked on. When you look back in this yearbook, I hope that you remember all that you loved about high school and that no matter where you are in life, you will remember that you are a Rome Free Academy Black Knight.
Thank you,
Katie Cole

Dear Students,
The 2010-2011 school year has come to an end and with it comes another volume of De-O-Wain-Sta. Thank you to our Yearbook Staff and Advisors for a superb publication.
Whether you are returning to RFA next year, moving on to higher education, the military, or entering the workforce, I ask you to take what you have learned at "The Academy" and do great things.
Seniors, I wish you all the luck in the world.
Have a great summer!
Mr. Benson

As individuals we have our own unique traits, but as a school we are proud, we are intelligent, we are friends, we are strong, we are determined, we are creative, and together we use these abilities to achieve in everyday life. Rome Free Academy is a school united by friendships, clubs, musicians, athletes, and academics. This diversity helps us to stand out and be different. It shows other schools who we are and what we do. Everyday when we step into this school, we're all ready to learn something new and accomplish goals. The symbol that represents our school is a knight. The knight shows that we are strong and powerful. We never give up. Our motto here is "Respect For All" and we always go above and beyond to make that happen. You could be a senior leaving this school for the final time, or you may be a freshman coming here for the first time. It doesn't matter which one you are...Once a black knight, always a black knight.

Proud - having proceeding from, or showing a high opinion of one's own dignity, importance, or superiority.

As a school we have many achievements we are all proud of. The 2010-2011 school year was a school year filled with achievements we are proud of as a school. The student body is filled with different people but we are all proud of something, being a black knight. To end this school year everyone should be proud they are moving up a grade level, going to college, joining the army, or getting a job right after graduation.

Intelligence - the ability to comprehend; to understand and profit from experience.

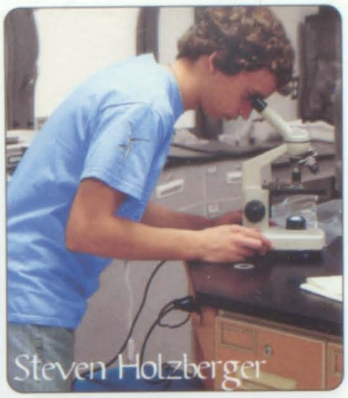

Gaining experience here at RFA can start with physics lab, photography class, writing for the Knight Times or working the Knight Spot during lunch. Experience can help students gain knowledge and can prepare them for the future. Intelligence isn't just about passing your trigonometry test. Intelligence is gained through hard work, hands-on learning and practice. Success at RFA isn't always easy. Learning from your mistakes, though, is a key element in gaining knowledge for life after RFA.

Friendship- a person attached to another by feelings of affection or personal regard.

There are so many ways to describe the relationship between friends. These are the people who we surround ourselves with to share a lifetime of experiences. We can always depend on our friends to be there for us. Through ups and downs we were always in it together.

Strong- especially able, competent, or powerful in a specific field or respect

Knights are notorious for being fearless, courageous individuals. The same can be said about RFA's Black Knights. Being a Black Knight demonstrates that being valiant isn't just about physical endurance, being strong is also about overcoming hardships and being successful in the end. Whether it's being able to max out your bench press weight, understanding a difficult problem in class, or overcoming a challenging obstacle in life, being strong makes students into the well-rounded individuals who are successful in life.

Determined- to be decided, settled or resolved.

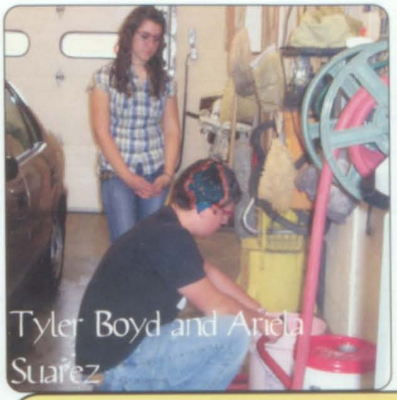

By pushing their limits, students here at RFA show a lot of determination. From our outstanding academic achievements to our athletic skills. The teachers and faculty here at RFA show the will to keep moving forward to create the best future possible for the students present. From your first to your last year here at Rfa you will receive nothing but motivation and good spirits from teachers to keep you on the path to success.

Creative- characterized by originality of thought; having or showing imagination.

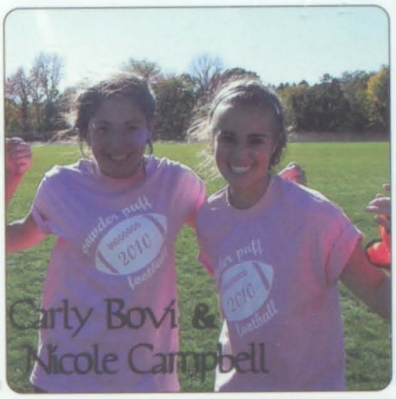

During our time at Rome Free Academy, it's our chance to try and find out who we will be in the future. Being creative gives us the opportunity to figure out what we like or what we're good at and what we like to do for fun. Some courses that bring out a person's talents are cooking, art, technology, and music. These classes demonstrate how to be creative and use it in our own unique way. The instructors make sure we all understand how to use certain techniques. They also inspire students to try new things. By the teachers doing this, they actually help us get wiser, while helping us learn talents we will use in the future no matter what we decide to become.

"Creativity is inventing, experimenting, growing, taking risks, breaking rules, making mistakes, and having fun"

we are fans.

Marcus Campos

FAN- noun - an enthusiastic devotee, follower, or admirer of a sport, pastime.

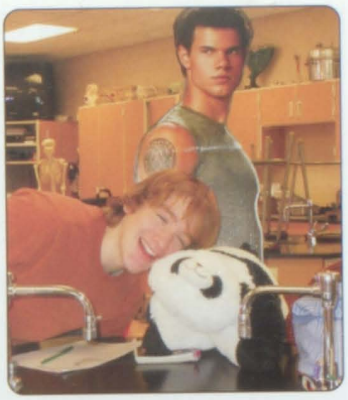

From the football field to the swimming pool, from the tennis courts to the arena...WE ARE FANS. We've cheered on our favorite teams from season to season, through winning streaks and losing streaks. Believe it or not, players depend on their FANS above all else. Who doesn't love to hear their name being chanted after scoring the game-winning goal? FANS are the people who are upset when the team loses a sectional game, and are ecstatic when they win. FANS are always needed, and we will always be there to cheer on the Black Knights of R.F.A.

Future time that is to be or come hereafter; something that will exist or happen in time to come.

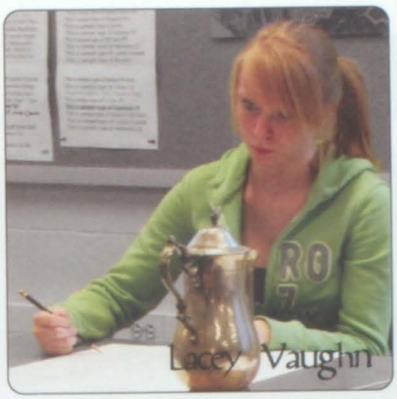

As individuals, we have our own hopes and dreams. Together, all of our hopes, dreams and goals we achieve become the world we live in. We carry all of the lessons we learn in high school and apply them to our future decisions and everyday life. As we venture out into the world on our own, we'll become our own persons and find ourselves enduring new adventures. Whether our dream is to become a musician, teacher, doctor, lawyer, artist, businessman, fireman, pharmacist, scholar, or to go into the military, that is our choice and our future. "This game is not about fashion or overpriced shoes. It's about intestinal fortitude--guts. My mind is sharp and my will is iron. I may not be the biggest player out there, but nothing is larger than my determination because I came to play and I'll beat you every time."

Captain Leigh Shoemaker, the team's only senior, and the three other returners - Jenna Gillen, Megan O'Connell and Courtney Weaver helped lead their very young but hardworking team to the sectionals where they lost an exciting and hard-fought game against rival C.N.S. by one goal, 2 to 1.

Kwan Petcharat

Kwan is one of several exchange students attending Rome Free Academy this year. She is studying US History, Scientific Literature, Math, Art, ESL, Gym, and International Foods. Outiside of school Kwan enjoys to travel and go shopping. She has also picked up skiing since she has come to America and really enjoys this new hobby. Kwan is very grateful to have this once in a lifetime experience and said that she has learned to succeed in another culture and now views the world as her community and has a deeper understanding of herself and others.

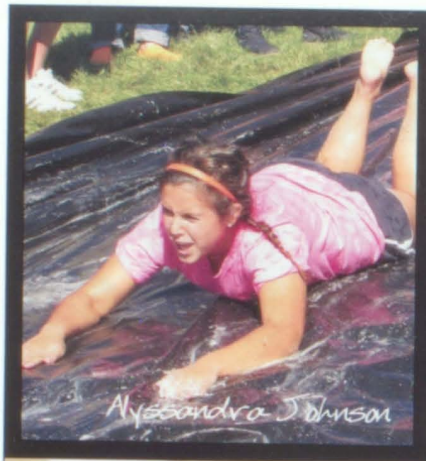

Siyi Liang

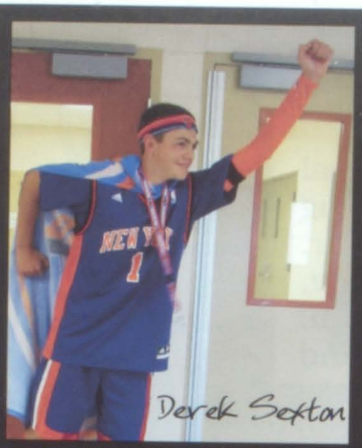

Siyi arrived in America on September 4th 2010. She is part of the International Student Exchange program that has brought several other students to RFA as well. When asked about her experience here in the United States she expresses that she "loves it" here. She has been able to experience many new things such as kayaking, going to church and visiting Florida. Adjusting to RFA hasn't been all easy though. Siyi is taking challenging classes like Government, Leadership, AP Physics, Statistics, US History, Honors English and Business law while only in her Junior year. She says "It is hard especially with Government essays but its easier than when I first arrived." One thing she'd like to do before returning to China is visit New York City.

Spirit Week

Spirit Week is a fun-filled week leading up to the Homecoming football game, which took place this year on October 8th. This year's spirit week was kicked off on Monday with hat day, followed by twin day, celebrity day, sports day and last but certainly not least, spirit day. A pep rally was held after school this year which included a slip and slide down the hill and a powderpuff football game.

Heat of Fusion is a two week tradition that has been ongoing for 23 years. It is a clash of sports between all four classes here at RFA. The competition is the time between winter sports ending and spring sports beginning. The intense games and activites keep the students busy after school and during lunch periods. This year the Seniors won with a total of 1850, with the Sophomores scoring in at 1225, Juniors third with 1200, and last the Freshman with a total of 500.

Rhapsody & Les Miserables

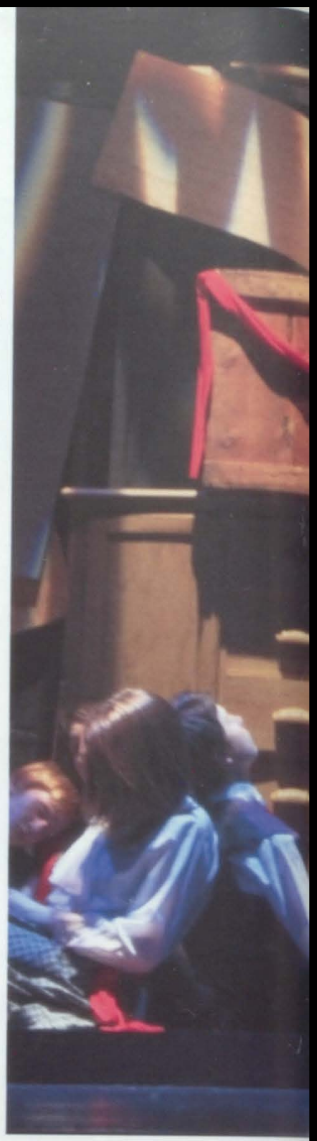

This year, the music department began it's own Glee Club called 'Rhapsody.' They went on tour to multiple locations and even performed with the Penn State Singing Lions. The choice of the musical this year was Les Miserables.

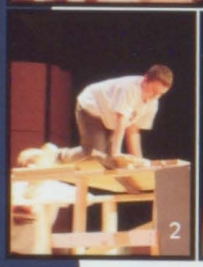

The musical is set in the time period of the French Revolution. The music is difficult but rewarding. Les Mis is mostly about the main character, Jean Valjean, taking care of a girl, Cosette, who is the daughter of Fantine, a worker in Valjean's factory. During the story, a policeman, Javert, is chasing after Jean Valjean for his broken parole.

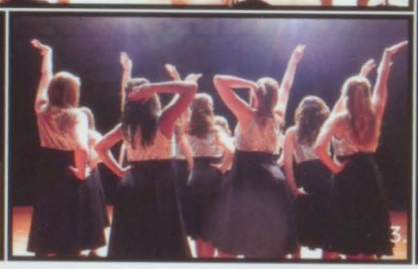

As the French Revolution is progressing, Cosette falls in love with Marius, a Student Revolutionary. The musical ends with a wedding between Cosette and Marius.

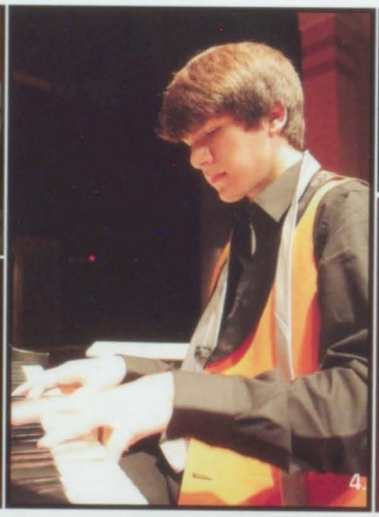

1. Rhapsody takes the stage and performs alongside the Penn State Singing Lions
2. Gavroche crosses the barricade to rescue some soliders.
3. The Rhapsody girls practice "Cry Me a River"
4. Dan Goewy plays some Ce'Lo before the Rhapsody tour.
5. The musical's pianist Jillian Gardner makes paper cranes while Mr. Meiss works with the cast.
6. Jean Valjean, Jake Crofoot, carriers Marius, Cal Hughes, into the sewers to escape the battles.

One Love

As this is my first year being on the yearbook staff, I did not know what to expect. The class is fun and does not even seem like a class. We had many laughs and good times, but we were serious at the right time and that is why the yearbook is as good as it is. The entire staff worked hard to sell business ads which allowed us the funding to produce such a phenomenal book this year. Many thanks to area businesses for their support.

Shout out to P.T. for making this sick picture and the yearbook cover. Mad Respect.

Wasn't it just yesterday that you were being pushed around the rink in the bucket?? All the memories you've given us have brought us so much joy! You've worked so hard to get to this point in your life. We're so proud of everything you've accomplished, but most of all of the man you've become! Know that we will always be here for you. We can't begin to tell you
Just how loved you are
We can't believe how time has flown
And how you've come so far
Forgive us when we stop and stare
And tears fall from our eyes
Time flew so quickly
Sure took us by surprise
There are no doubts within our minds
That you'll indeed succeed
Your future holds so much in store
But "that smile" is all you need
You've always been so gentle,
So loving, kind and giving
Having you as our daughter
Is another term for 'living'
No matter where life leads you
No matter what you do
We'll always be your biggest fans
And we'll be here for you.
We love you,

My only son, I was blessed on June 30th, 1993 with your birth, one of the happiest days of my life. I've watched you grow and mature through the years into a wonderful young man, and son, who has made me so proud. Your smile, your eyes, and most of all your sense of humor are the things that one remembers most when they speak of you. You could make anyone smile. You are kind and compassionate, just an all around great guy. I'm proud to say you're my son.
You will now turn another chapter in your life, graduating from high school and going into the Army. No matter how far away you may be, you're just a thought away from me, for you are always on my mind.

Mom and Dad

Jessica Kraeger

Jess,

YOUR LIFE'S JOURNEY HAS JUST BEGUN. In these first eighteen years you have been given a solid footing and with that you have done many great things that your parents are proud of. Today though you depart on a new adventure with new responsibilities. We want to take this opportunity to to say that you are never alone and there is no problem too big. Your parents love you. God loves you. Question and challenge everything with an open mind and accept the truth. Make the absolute most of every moment . Plan for tomorrow, live for today, for one day tomorrow will not come, a truth we will all face. Say you're sorry when you have done someone wrong and thank you when someone has done you right. Be honest to yourself,as regret is a terrible burden. There is no experience that is bad, experience just is. IT is what you do with that experience that will shape who you are. "I am what I am" is a powerful phrase that you must define and stand with for yourself. Define yourself, don't leave it to somebody else. You are meant to be happy, no pain, no gain; life is hard and then gets harder. Say what you mean and mean what you say. "Forgive" but with caution, make those who have done you wrong earn your trust. Question authority, even what is written here, and when your conclusions match you parents, well that's another truth of life. All that you need to be happy you have now. Dreams allow us to accomplish new joys. Look around, notice everything. It is never wrong to do the right thing. Keep a journal, write what you think, feel, and see. You will find few true friends and only when you are one. Only the very strong ask for help, the weak never do. There is no pot of gold at the end of the rainbow yet every rainbow is beautiful. Call your parents they LOVE YOU!

Wishing you wisdom, confidence, compassion & happiness.

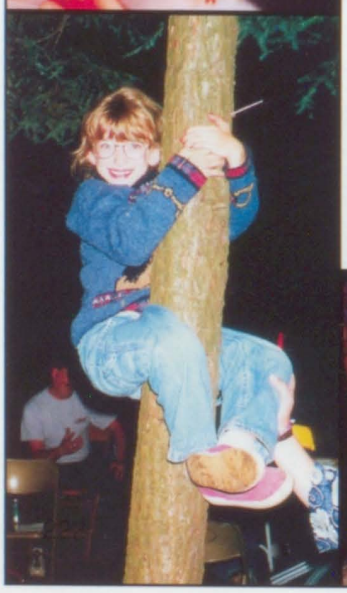

ALL OUR LOVE,

Mom, Dad, Grandma, Grandpa, Chris, Frank, Uncles Hobart, James, Bob, Tom, and Aunts Audrey, Becky, Gretchen, Crystal and Families.

Gavin Maloney

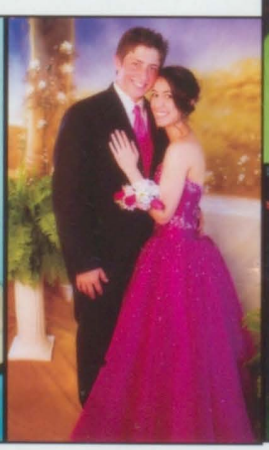

Gavin,
It seems like only yesterday when you came into our lives and now you're graduating from high school. It has been a privilege to watch you grow up from a delightful baby into a respectful, caring, young man. From Barnet, Lion King, Legos, Lincoln Logs, Hot Wheels, through soccer and lacrosse games, endless card games, piano, and drum lessons, driving lessons(didn't think we'd survive that :)), family and friend gatherings,July 4th sleepovers with the gang, our summer trips to Maine(building sand castles and lobstermania), it has all been one heck of a ride. You've always made us smile and most of all made us proud. You're not afraid to show compassion and root for the underdog. Always stay true to yourself, keep the love of God in your heart and hold tight to what you believe in. Keep your fabulous sense of humor. Follow your dreams and aim for the stars, the best is yet to come. We wish you much success in everything you do. You're an awesome son and nephew, we love you with all our hearts!!!xoxo
Love always,

Sunshine on my shoulder makes me happy
Sunshine in my eyes can make me cry

If we had a day that we could give you
We'd give you a day just like today
If we had a song that we could sing to you
We'd sing a song to make you feel this way
If I had a tale that I could tell you
I'd tell a tale sure to make you smile
If we had a wish that we wish for you
We'd make a wish for sunshine all the while

"To be yourself in a world that is constantly trying to make you something else is the greatest accomplishment." -Ralph Waldo Emerson

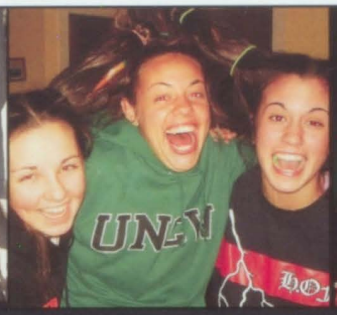

Katherine Louisa Ravene Mott,

As you begin another segment of your life, look back at all you have achieved. Preschool, elementary, middle, and now high school, each hold memories, tears, laughter, and desire to go on to the next journey. Your imprint is engraved in the hearts of many, but most importantly, the knowledge gathered from travels, peers, teachers, and family, have influenced you to not let your dreams be "just" dreams. Take hold of each day as if it were your last. Make a difference by showing your inner beauty of life. Be happy and know the love of your family is forever with you.

Dear Stan,
Congratulations! We are so proud of you. You have a bright future ahead of you and we look forward to all that you plan on accomplishing. Please know how much you are loved and also remember....
1.Always tell the truth....no matter what....
2.Of all the 'attitudes' we can acquire, gratitude is the most important and life changing
3.What you get by reaching your destination is not nearly as important as what what you will become by reaching your destination
4.It's not what happens to you that determines how far you go in life; it is how you handle what happens to you
5.You will build a successful career regardless of your field of endeavor, by the dozens of little things you do on and off the job.
6.It's not what you know, it's what you use that makes a difference
7.Success is not measured by what you do compared to what others do; it is measured by what you do with the ability God gave you
May God continue to bless and guide you today and always...143..

Eighteen years, a thousand fears,
Yet countless joyful times.
A tiny baby smiles just once,
Her daddy's heart it binds.

A Toddler cries with tearful eyes,
That only Mom can dry.
The little girl so cute in pink
Decides what clothes she'll try.

Her favorite pastime soon becomes
All paper, paint, and crayons.
Some years go by, she's growing fast.
No longer holds our hands.

She struggles some along the way,
We hope she feels our love.
The strength she needs takes all she has,
She's all we're thinking of.

The sun breaks through, she finds her way,
The clouds begin to clear.
And everyday that passes now,
Each one we hold so dear.

She'll leave us soon to spread her wings,
A dream or two to find.
We know her life's forever bound,
To these roots she leaves behind.

We hope she knows how proud we are,
How deep our love resides.
How much we've learned along the way,
Seeing through our little girl's eyes.

We love you Jenna and are very proud of you!

Love,
Mom, Dad, Janet, and Jaime.

Ayla Sharmay

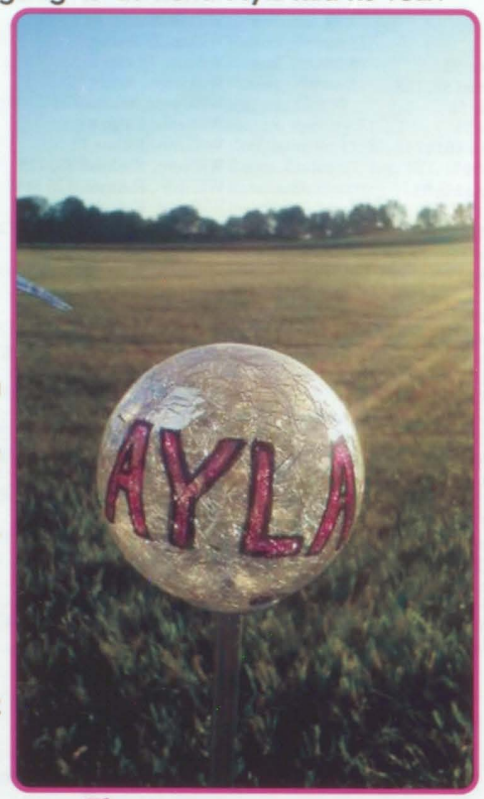

It is so hard to pen my thoughts about my daughter. There is such a mixture of raw emotions that constantly flow between my brain and my heart. My daughter - the most **courageous** person I have ever met. Not just because of her battle with cancer either. Ayla always faced a challenge head on. I was always quite fearful of how she would respond to people that truly ticked her off. Fearful for them - not her. Ayla would hold her own to anyone. She had no fear. She played her own game and I honestly believe she was very just in doing so. Growing up - I never knew what she was going to do next. Ayla had no fear.

And then - that beautiful smile. How much I miss seeing that! So many people have told me about how they would always remember her smile. That is a great thing for my baby to be remembered by. A smile.

The one thing that Ayla always loved was school. Even at Stokes and Strough - she loved being there. I'm not sure if anyone besides her closest friends knew that on her second day of being a freshman, Ayla had her first chemo. She struggled from the moment she started high school trying to attend... all the while having different cancer treatments throughout the country. School WAS the only relief that she had from those treatments. She loved walking the halls - being "normal" - among you all. There were days that I didn't want to attend and I remember her telling me that as long as we didn't have to go to a hospital WE were going to school!

There were days that physically she should not have attended - but she refused to stay home.

Again - I find it quite hard to write about my baby. My little girl. There are things just too deep in my heart to share. I suppose that if she was walking among us - I would find the words easier.

But - because she is not - my heart holds every memory a treasure of which I find very difficult to share. So many things learned from the past 18 years. One that I will share - don't be afraid to **do** life. It's short and it changes at a drop of blood.

I truly want to **thank you** all - students, teachers and staff - for making Ayla's experience at RFA a "normal" one.

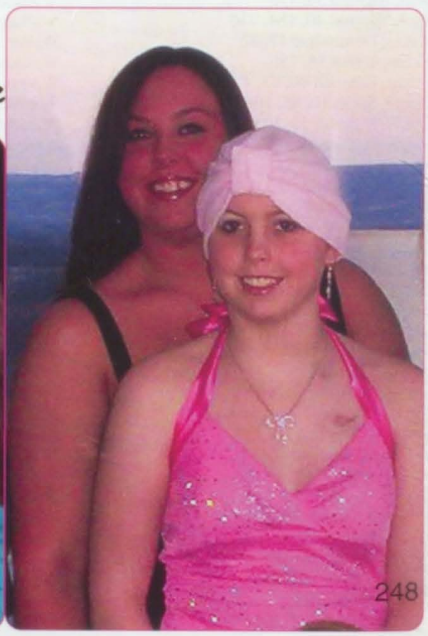

Forever sixteen

03/10/93 - 02/22/10

"If you knew Ayla, she didn't just "live it up", she blew the roof off." - Ayla's sister, Amanda.
